# Introduction: Progressive Mass

## About

---

*Progressive Massachusetts is a statewide, grassroots organization committed to working toward shared prosperity, racial and social justice, good government and strong democracy, and sustainable infrastructure and environmental protection. It was founded 5 years ago by local organizers from the Patrick and Obama campaigns in order to continue to move forward progressive values and issues in Massachusetts.*

*Advancing a progressive agenda in Massachusetts requires electing legislators who share--and will fight for--our values, and then holding them accountable.*

### Membership

One of the benefits of being a dues-paying member of Progressive Massachusetts is that you get to participate in our endorsement votes for key elections, helping to shape the future direction of progressive policymaking in the state. **Not yet a member? Join!** [ProgressiveMass.com/member](https://ProgressiveMass.com/member)

### How Endorsements Work

Progressive Massachusetts sends candidates this detailed policy questionnaire, revised periodically by the Elections & Endorsements Committee (EEC). The EEC may choose to make a recommendation in a given race, but the ultimate decision lies with you--the members. In each race, you can choose to vote for a **candidate**, vote “**no endorsement**,” or **abstain**. Candidates who receive at least 60% of all ballots submitted in their respective race will be endorsed by Progressive Massachusetts. If no candidate in a race reaches the 60% threshold, we will not endorse. Regardless of whether or not we endorse, all questionnaires will be made available on our website as a public service.

# I. About the Candidate

## Mary Kate Feeney

---

### 1. *Why are you running for office? And what will your top 3 priorities be if elected?*

**Mary Kate Feeney:** I have been on the front lines of government working with advocates, agencies and residents on solving problems and listening to concerns. And I am ready to do that again.

Our district has a long history of sending strong, thoughtful, progressive leadership to the State House to represent us, most recently by Rep. Chris Walsh. I want to continue that kind of representation for the people of Framingham. I also pledge to be a full-time State Representative.

Framingham is a wonderfully diverse and dynamic community. I will work hard to ensure we receive our fair share of resources for our schools and teachers, and protect our environment, including initiatives to preserve open space and expand rail trails. I will advocate for a modern, reliable public transportation system. I will fight to end the opioid epidemic and mental health stigmas.

I am passionate about serving as your full-time Representative. Framingham deserves thoughtful, knowledgeable and effective representation in the State House, and I will bring it.

### 2. *What prepares you to serve in this capacity?*

**Mary Kate Feeney:** I am a former aide to Governor Deval Patrick. Every day I worked with residents to solve a wide range of issues with a state agency, like obtaining health care or resolving a tax situation.

Additionally, I was the first contact for advocates to express their concerns on the issues that mattered to them. Being on the frontlines of our state government taught me first hand how people engage with their elected officials and how it is a force for good for so many.

My work earned me a promotion to become the Governor's Director of Online Media. Through the use of social media and online tools, I worked to make state government and the Governor's Office more transparent and accessible to its residents.

I left the Governor's Office for the Commonwealth Marketing Office and the Massachusetts Office of Travel and Tourism. There I worked on messaging and promotion of our vibrant economic, educational and art & cultural scenes. Additionally, played a role in the promotion of the Outside the Box arts festival on Boston Common and the Commonwealth's bids to host various NCAA championship games.

I am dedicated to making Framingham a better place to live, work, learn and play. As the Chair of Framingham First, I helped lead the successful campaign for Framingham voters to adopt a more transparent, accessible and equal form of government in April 2017.

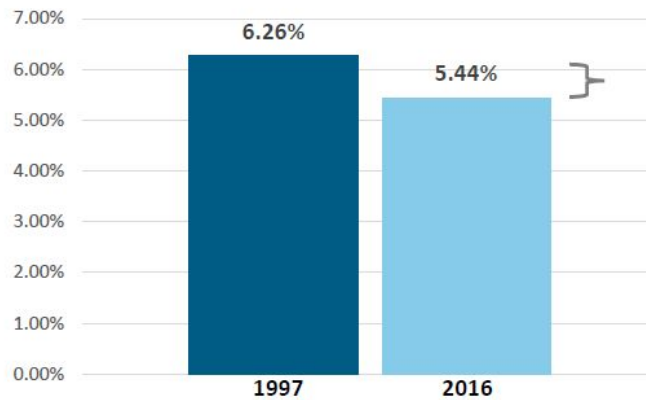

I am a member of the Framingham League of Women Voters, Pheasant Hill Civic Association, Framingham Business Association, Sudbury Valley Trustees, Framingham History Center, Framingham Elks Lodge #1264 and the Saint Bridget School Advisory Board.

# A. REVENUE AND TAXATION

Despite the label of “Taxachusetts,” Massachusetts ranks 22nd among states in terms of state and local taxes as a share of total personal income and below the national average. Between 1977 and 2012, Massachusetts reduced state taxes by more than all but one other state. Because of income tax cuts enacted between 1998 and 2002, Massachusetts is losing over \$3 billion in tax revenue each year. Such cuts to the state income tax have meant increasing reliance on fees, as well as sales, gas, and property taxes, exacerbating the overall regressivity of the system. Regressive taxation strains low- and middle-income families, and reduced revenue collection curtails our ability to invest in vital infrastructure. It also restricts legislators’ ability to pass new and visionary legislation, as there is a continual shortage of funds for existing priorities.

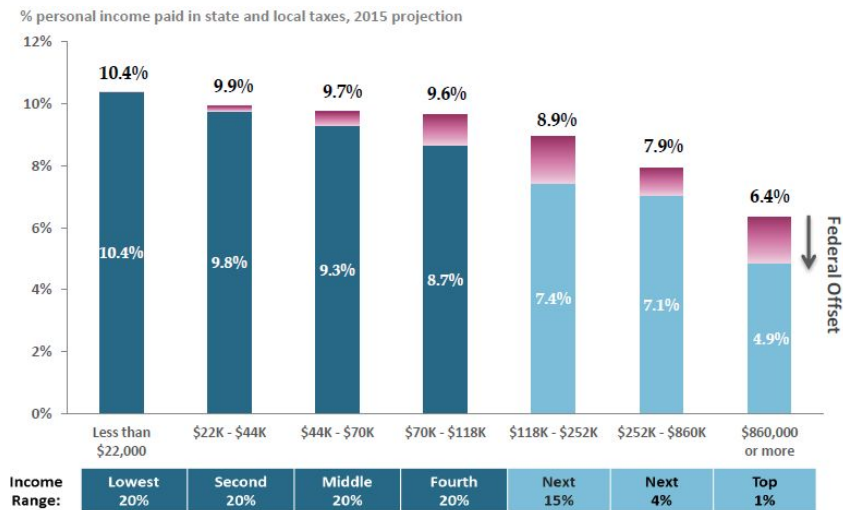

**Declining revenues have meant drastic cuts, limiting our ability to invest in our communities and future economic stability.**

Massachusetts tax revenue as a share of the state economy

This 13.1% decline in tax revenue has led to deep budget cuts and ongoing budget challenges.

## Massachusetts state and local taxes are regressive.

\* Percentages shown inside bar are net effective tax levels after factoring in federal offset. Percentages above bars show tax levels before federal offset.

Source: Institute for Taxation and Economic Policy.

1. *What principles do you bring to considerations of state revenue and tax reform (individual and corporate)? How should we raise more revenue to adequately fund our communities for the future?*

**Mary Kate Feeney:** Massachusetts is an expensive place to live. As a legislator, I will always keep that in mind and that, we as a Commonwealth, need to keep the cost of living affordable for our seniors and those struggling with income inequality. That being said, I am a supporter of the Fair Share Amendment, which unfortunately was struck down by the SJC. As a legislator, I will work with like-minded individuals to pursue legislative avenues to enact measures of this amendment.

2. *Optional/As Applicable: Please indicate work you personally have done to advance your principles on revenue and taxation (legislation, community work, published writings, etc.).*
3. *Progressive Taxation. Currently, Progressive Massachusetts is working on a constitutional amendment to increase the income tax on income over \$1 million by 4% (Fair Share Amendment, sometimes referred to as the "Millionaire's Tax"), which will be on the 2018 ballot. Do you support this ballot question?*

**Mary Kate Feeney:** Yes. And I am extremely disappointed in the SJC's ruling on this issue.

4. *Sales Tax Holiday. It has been demonstrated over and over that the annual sales tax holiday does not serve its intended purpose of increasing sales, but rather just shifts sales to the weekend of the holiday. Would you oppose efforts to extend the sales tax holiday?*

**Mary Kate Feeney:** Yes.

5. *Corporate Tax Breaks & Disclosure. Do you support the state's collecting and publicly disclosing the information about the benefits actually provided by corporations receiving tax credits?*

**Mary Kate Feeney:** Yes.

6. *Corporate Tax Breaks & Wages. Do you support requiring any company receiving tax credits from the state to pay a living wage and provide good benefits to all its employees?*

**Mary Kate Feeney:** Yes. Absolutely. Companies should be paying a living wage and providing good benefits to all its employees - tax credits or not.

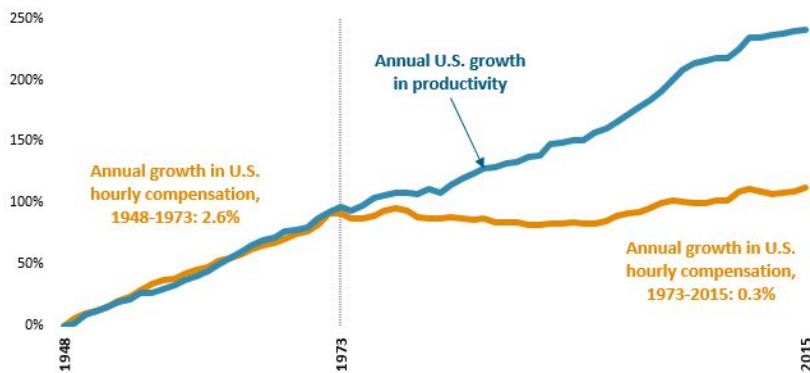

## B. JOB GROWTH AND THE ECONOMY

The Massachusetts economy has continued to grow and recover from the Great Recession, but the gains have not been shared equally. According to various measures of income inequality, Massachusetts now ranks as one of the top ten most [unequal states](#). We are one of the most expensive states in the country for [health care](#), [housing](#), and [child care](#), all of which strain wages. Most MA workers do not have access to paid medical leave, and only a small fraction have access to paid family leave--gaps that force people to choose between their (or their family's) health and their job.

Productivity has grown significantly since the 1970s, but it is not being reflected in higher wages.

### A Large Gap Has Opened Between Wage and Productivity Growth Since 1973

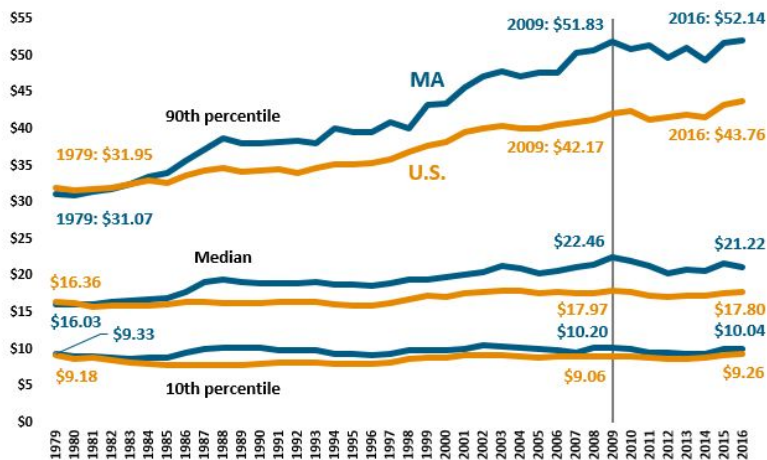

Cumulative Change in U.S. Hourly Wages for Private-Sector Production/Non-Supervisory Workers and Net Productivity, 1948-2015

Source: Economic Policy Institute analysis of unpublished Total Economy Productivity data from Bureau of Labor Statistics' Labor Productivity and Costs program, wage data from the Bureau of Labor Statistics' Current Employment Statistics, Bureau of Labor Statistics' Employment Cost Trends data, and the Bureau of Economic Analysis' National Income and Product Accounts  
 Note: Wages are the inflation-adjusted average hourly compensation of private-sector production/nonsupervisory workers.

### Wages For Most MA Workers Have Stagnated Since Great Recession

Real Value of Hourly Wage for Selected Wage-Earning Groups in MA and U.S., 1979-2016 (2016\$)

Source: Economic Policy Institute analysis of Current Population Survey data (deflated using CPI-U-RS).

**1. Share your personal values and principles on job growth and the economy.**

*How can we improve the economy and economic security for all people? How do we grow the number of good-paying jobs in the Commonwealth? How do you view wealth and income inequality, and what would you do about it, if anything?*

**Mary Kate Feeney:** As a small business owner, I know the importance of small businesses in our communities. We need to have an economy that promotes small businesses and enables them to thrive. Thriving businesses equal more jobs for our residents. Massachusetts needs to encourage and have resources focused on growing minority and women owned businesses - I feel these businesses have the greatest potential for growth. I am thrilled the Legislature passed raising the minimum wage and paid family leave. Happy and healthy families mean successful businesses. We need to encourage businesses to treat their employees fairly with benefits, pay and working conditions. In Framingham, I would work with our city government officials in promoting our city as a location for the innovative and creative economies. We are the halfway point between Boston and Worcester, located on the commuter rail and a main exit on the MassPike, Route 9, Route 30 and near 495. These sectors would be perfect to connect to our growing economy and Framingham State University and MassBay, which makes it home in Framingham.

**2. Optional/As Applicable: Please indicate work you personally have done to advance your principles on job growth and the economy (legislation, community work, published writings, etc.).**

**Mary Kate Feeney:** After working in the Governor's Office, I worked for the Commonwealth Marketing Office/Massachusetts Office of Travel & Tourism. There I worked on messaging and promotion of our vibrant economic, educational and art & cultural scenes. Additionally, played a role in the promotion of the Outside the Box arts festival on Boston Common and the Commonwealth's bids to host various NCAA championship games.

**3. Increasing Wages.**

**a. Minimum wage.** Do you support raising the minimum wage to \$15 an hour?

**Mary Kate Feeney: Yes.**

**b. Tipped Minimum Wage.** And making the tipped minimum wage equal to that of the regular minimum wage?

**Mary Kate Feeney: Yes.**

**c. Indexing the Minimum Wage.** And indexing the minimum wage to inflation?

**Mary Kate Feeney: Yes.**

**d. Teen Minimum Wage.** And reject efforts to create a subminimum wage for teen workers?

**Mary Kate Feeney: Yes.**

**4. Paid Leave.** Do you support requiring access to up to 16 weeks of paid family leave and 26 weeks of paid medical leave?

**Mary Kate Feeney: Yes.** Without question.

**5. Unions -- Part I.** If workers in Massachusetts make the decision to unionize, would you be willing to

*publicly support a union-organizing drive and discourage management from fighting their decision?*

**Mary Kate Feeney: Yes.** Absolutely.

6. **Unions -- Part II.** *Since 2010 election, a number of states have rolled back the collective bargaining rights of public workers as part of a well-funded, nationwide assault on unions led by wealthy, conservative donors. Would you oppose any effort to roll back the collective bargaining rights of state or municipal employees?*

**Mary Kate Feeney: Yes.** Absolutely. I stand with unions 100%.

7. **Wage Theft.** *Do you support legislation to hold businesses responsible for the wage violations of their subcontractors when the work they do is substantially connected to the company's operations?*

**Mary Kate Feeney: Yes.**

8. **Mandatory Arbitration.** *Would you support legislation to prohibit the use of mandatory arbitration provisions in employment contracts, i.e., requirements that an employee forfeit the right to sue the employer for discrimination, nonpayment of wages or other illegal conduct?*

**Mary Kate Feeney: Yes.**

9. **Economic Democracy.** *Would you support legislation to foster and develop employee ownership of businesses in Massachusetts and encourage the formation of cooperatives and/or benefit corporations?*

**Mary Kate Feeney: Yes.**

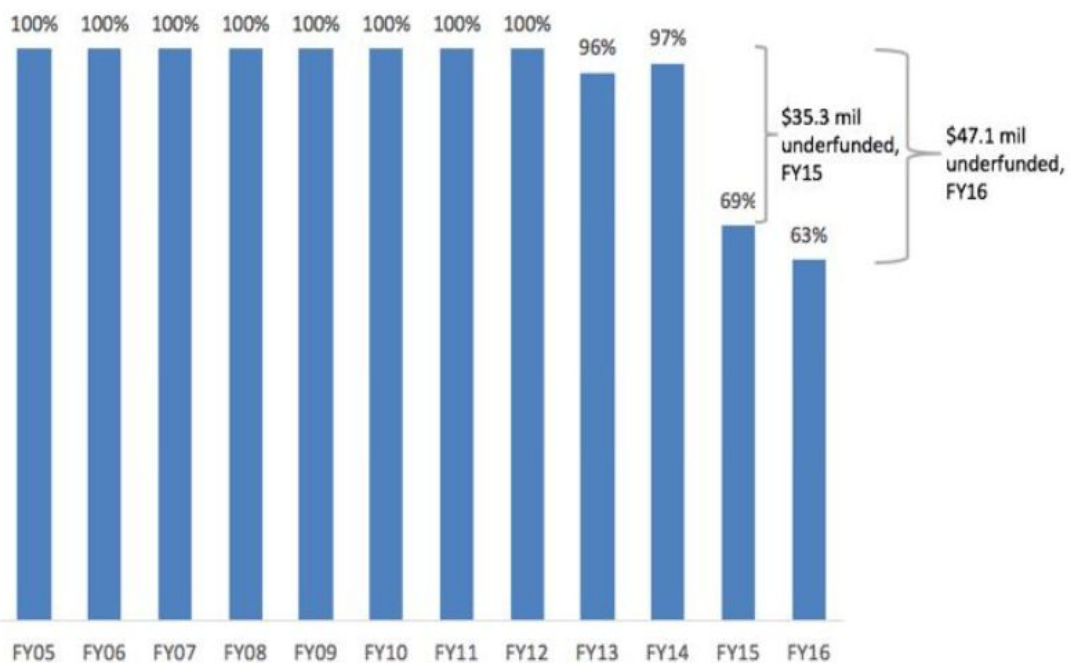

## C. EDUCATION

*The promise of public education has always been as a gateway to opportunity and mobility for all, regardless of economic circumstances, a cornerstone of the American dream for all residents. The mission of public schools is to serve all students, including English Language Learners and those with special needs. However, powerful corporate interests are working to undermine public schools, teachers, and unions. These groups are investing millions of dollars to promote the expansion of privately run charter schools, which siphon money from our public K-12 districts while largely excluding students with the greatest needs. Various forms of privatization are being proposed and implemented, including charter schools and “turnaround” schemes that put private management groups in charge of struggling public schools. Costly, mandated standardized test results are used to justify these privatization schemes. Finally, the soaring price of higher education over the last several decades has made access to this opportunity increasingly out of reach, at the very moment when higher education makes a greater difference to one’s economic future.*

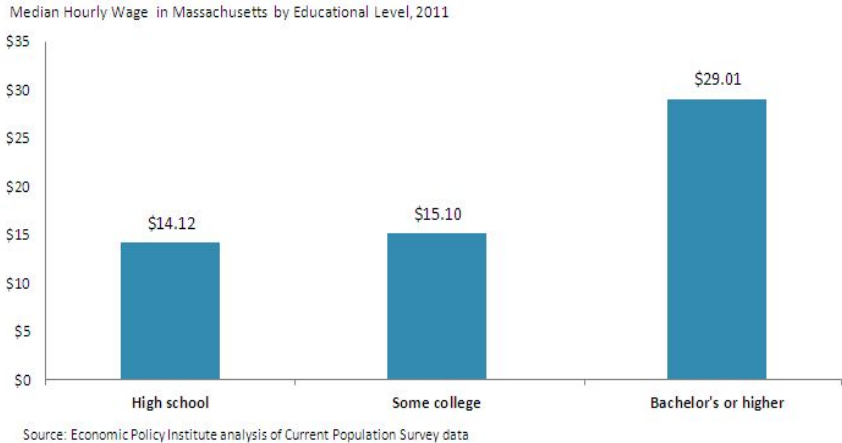

**The state hasn’t been living up to its responsibility to fully fund our public schools.**

### The State Has Not Fully Funded Charter Reimbursements in Recent Years

Percent of charter school reimbursements paid to sending districts, based on reimbursement formula

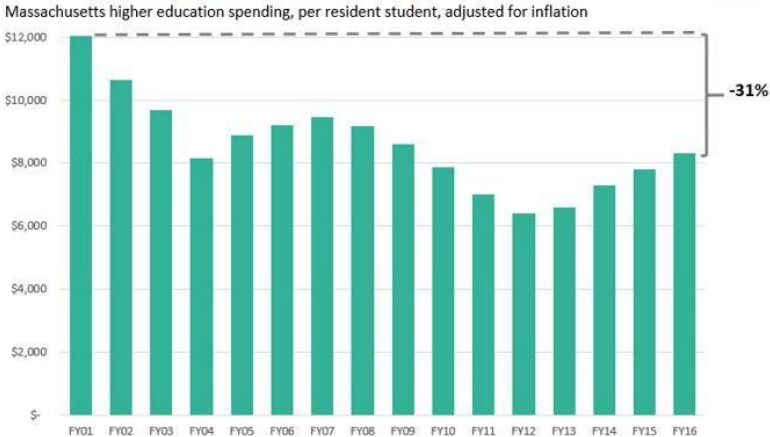

**Higher educational attainment leads to higher wages.**

**Massachusetts has been disinvesting from higher education and shifting the cost burden onto students.**

**Per Student, Higher Ed. Cut by 31 Percent Since FY 2001**

1. *Please share your personal values and principles regarding public education. What value does public education have in improving our economy as well as in addressing matters of economic justice? How can we close persistent achievement gaps? What measures should the Commonwealth take on these issues?*

**Mary Kate Feeney:** Supporting a high quality education for all of our children is one of my priorities. I will work hard to ensure Framingham receives our fair share of resources for our schools and teachers, while Commonwealth-wide we continue to invest in our public schools. This includes working with legislative colleagues on state wide issues, as well as locally with the Framingham School Committee and Superintendent. I support high quality early education to give kids the start they need to succeed, increased funding K-12 and ensuring our public colleges and universities are affordable for all.

2. *Optional/As Applicable: Please indicate work you personally have done to advance your principles on public education?*
3. *Universal Pre-K. Would you support creating universal, free Pre-K, accessible to any resident of Massachusetts, integrated into the public school system?*

**Mary Kate Feeney:** Yes. I pledge to support early childhood education for every child by supporting efforts to make high quality Pre-K available for all our families in Framingham and throughout the Commonwealth. Too many of our children start out behind and consequently, too many never catch up. Investing in high quality early childhood education gives kids the start they need to succeed. A child's early years are critical to their future and addressing the issues of economic justice. With early childhood education, our children will be better prepared for success.

4. *Standardized Testing. Do you oppose the use of high-stakes testing for such things as student promotion, high school graduation, teacher evaluation, and the evaluation of schools and districts?*

**Mary Kate Feeney:** I believe testing is important to gauge the process of a student and a class, but teaching just to pass a test is not beneficial for a student. Assessment should be used to help a student, not punish them. Taking a break could give the education community a time to reassess and decide how to best use these tools for student achievement.

5. *Equitable Funding. Do you support changing the Chapter 70 Education formula, including the Foundation Budget, to incorporate proper state funding for ELL students, Special Education students, transportation costs, charter school reimbursements to sending schools, and class size reduction?*

**Mary Kate Feeney:** I believe we need to give our teachers and our students the resources they need to succeed.

Special Education is an important sector of our public education, and we need to continue to make decisions to ensure all of our students learn, grow and thrive with the supports they need.

We need to work to ensure cities and towns are receiving their fair share of state funding for reimbursements.

While the Education Reform Act put Massachusetts on a better path to improve our public education, demographics have changed, styles of learning have received greater awareness and the cost of

operations and services have increased. In order to maintain the high-quality public education we pride ourselves on, we need to reassess certain parts of this law, including special education, early education and class size.

6. **Charter Schools.** *Last November, Massachusetts voters overwhelmingly rejected a ballot initiative to lift the cap on charter schools given the millions of dollars it would have siphoned away from public schools.*

a. *Would you support **keeping the cap on charter schools**?*

**Mary Kate Feeney:** Yes.

- b. *Would you support legislation to bring **greater accountability and transparency to charter schools**, such as by requiring them to adhere to the same disclosure and disciplinary standards as public school districts?*

**Mary Kate Feeney:** As a member of the Legislature, I will work every day for every student around the Commonwealth. Parents have the choice to send their child to a charter school. We need to make sure those schools have licensed teachers, are approved by local school districts and are run by organizations with proven results.

7. **Sex Education.** *Do you support requiring public schools that teach sexual health education to provide age-appropriate, medically accurate information that is inclusive of all sexual orientations and gender identities that hat includes the effective use of contraception?*

**Mary Kate Feeney:** Yes.

8. **Higher Education Access.** *Would you support legislation to grant in-state tuition and financial aid to undocumented students?*

**Mary Kate Feeney:** Yes.

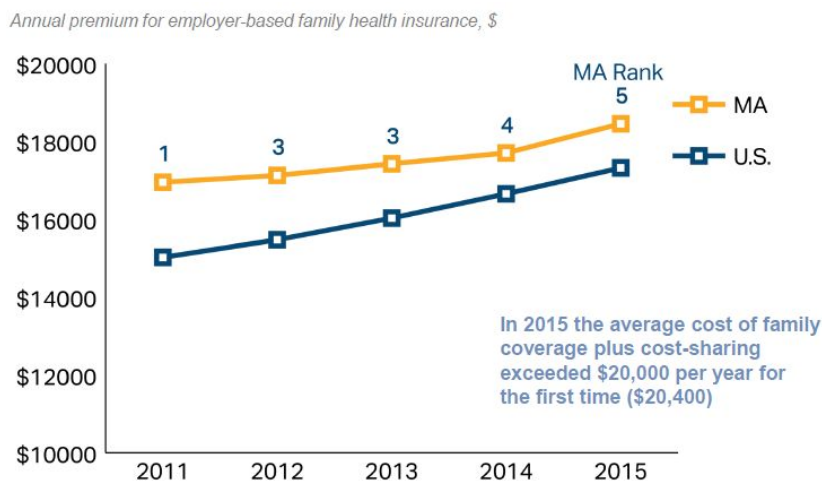

9. **Tuition-Free Higher Education.** *Would you support making tuition free at public colleges and universities?*

**Mary Kate Feeney:** While I agree we need to continue to invest in our public colleges and universities, we need to ensure our colleges and universities are spending wisely and their investments benefit students and educators. Public colleges and universities should be an affordable option for anyone who wishes to pursue higher education.

## D. HEALTH CARE

Massachusetts has led the way in providing near universal health insurance coverage, with 97% of the state having health insurance. We provided the blueprint for the national Affordable Care Act, with an insurance-based reform passed by the Democratic Legislature and signed by Republican Governor Romney. While the reforms of President Obama's Affordable Care Act are under assault by Republicans (who control the Executive and both legislative chambers), Massachusetts could lead in more progressive health care reforms. Even without the Republican dismantling of national reforms, there is still work to do right here in Massachusetts. MA's Democratic Legislature passed, and the Republican governor signed, the ACCESS bill in 2017--protecting the right to no-fee contraception, which is (federally) under threat: Where our federal advances are being rolled back, Massachusetts could--and should--push progressively forward. Significant disparities in health insurance coverage and health care access continue to exist along income, racial, and education lines. Premiums continue to rise, and medical debt remains a persistent problem. We still spend an oversized portion of public and private money on health care, but without necessarily achieving better health outcomes.

**MA has among the highest health insurance premiums in the country.**

Source: Agency for Healthcare Research and Quality, Medical Expenditure Panel Survey, Insurance Component

1. *Please share your personal values and principles regarding health care insurance, delivery, and outcomes.*

**Mary Kate Feeney:** Health care is a right. In Massachusetts we are leader in providing top quality services, and with health care legislation. But, as your chart shows, we are also a leader in high costs. We need to continue to ensure all of our residents receive high quality, affordable, preventative care. As a legislator, I would work with like-minded legislators to work on legislation that addresses the issues of inequality and look at new, creative ways to keep costs down in the health care industry.

2. *Optional/As Applicable: Please indicate work you personally have done to advance your principles on*

*health care (legislation, community work, published writings, etc.).*

3. **Single Payer.** *Would you support legislation to enact a single payer health care system in Massachusetts?*

**Mary Kate Feeney: Yes.**

4. **Reproductive Rights.** *Would you support legislation to guarantee women access to abortion care without dangerous delay, isolation, and obstruction?*

**Mary Kate Feeney: Yes.** Simply, it is amazing to see in a 2018 world women are still fighting for their rights. As a woman, I proudly support a woman's right to choose. Women need to stand up for women and, unfortunately, that is not always the case today. Women's rights need to be protected, and I will be the first in line to do so.

5. **Dental Care.** *Do you support the authorization of dental therapists in Massachusetts, similar to a nurse practitioner or physician assistant, in order to expand access to dental care?*

**Mary Kate Feeney: Yes.**

6. **Prescription Drug Pricing.** *Would you support a drug transparency law, like the one recently passed in California, that requires pharmaceutical companies to publicly justify steep price increases?*

**Mary Kate Feeney: Yes.**

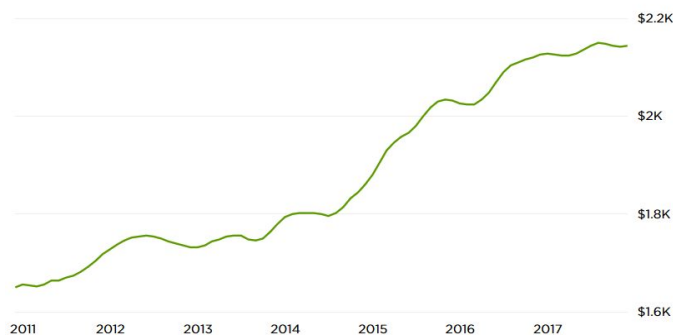

## E. HOUSING

---

Massachusetts has a lot to offer, but that does little if people can't afford to live here. Although Massachusetts ranked #1 last year in the [US News & World Report's state ranking](#), we were #45 in cost of living and #44 in housing affordability. A worker earning minimum wage in Massachusetts would have to work [80 hours a week](#) to afford a modest one bedroom rental home at market rate (and almost 100 hours a week in Metro Boston). Over the last ten years, the need for affordable housing has increased, while funds for affordable housing have decreased at both federal and state levels. The Commonwealth is at risk of losing [14,231 subsidized units](#) by December 31, 2019, as subsidies expire and owners convert properties into market-rate condominiums. Half of families in Greater Boston alone pay over 30% of their income in housing and utilities costs—and over 25% of households pay more than half their income to housing. There is a waiting list of up to ten years for a rental voucher. This is unsustainable. It has led to expanding economic inequality, increased homelessness, and damage to our economy, as talented workers often leave the state for less expensive regions.

### Median rents have gone up by more than 30% since 2011.

(source: [zillow.com](#))

**1. Please share your personal values and principles regarding affordable housing.**

*How would you ensure that there is suitable housing for all who need it, within reasonable distance of job opportunities? How would you address the need to link housing, jobs, and transportation? How would you tackle homelessness?*

**Mary Kate Feeney:** As we all know, Massachusetts has a high cost of living. We cannot sustain this, and must take action. We have seniors forced to leave their homes due to costs they cannot afford.

And a growing population faced with economic injustice and income inequality. We are not building enough affordable housing. Nor are we making smart choices when it comes to housing, such as focusing on transit-oriented development, keeping rents in check with protections for renters or we investing in affordability.

**2. Optional/As Applicable:** Please indicate work you personally have done to advance your principles on housing (legislation, community work, published writings, etc.).

3. **Funding.** Do you support increasing funding for...

a. *The creation of new units of affordable housing, especially low-income units?*

**Mary Kate Feeney: Yes.**

b. *The Massachusetts Rental Voucher Program?*

**Mary Kate Feeney: Yes.**

c. *Matching funds for the Community Preservation Act (via fees from the Registry of Deeds)?*

**Mary Kate Feeney: Yes.**

4. **Housing Preservation.** *Currently, certain property owners who guarantee affordable rents have been incentivized by subsidized mortgages via the 13A program. However, many of the contracts under 13A are set to expire in 2019. Do you support giving cities and towns the authority to require such apartments to remain affordable?*

**Mary Kate Feeney: Yes.**

5. **Foreclosure Prevention.** *Do you support a requirement that banks mediate in good faith with homeowners to seek alternatives before beginning foreclosure proceedings?*

**Mary Kate Feeney: Yes.**

6. **Tenant Protections.** *Would you support legislation, such as the Jim Brooks Stabilization Act, that requires landlords to provide a reason when seeking to evict a tenant, like failure to pay rent, damaging property, or breaking a lease; informs tenants of their rights under state law; and increases data collection on eviction?*

**Mary Kate Feeney: Yes.**

7. **Zoning Reform.** *Would you support legislation to upgrade Massachusetts's zoning laws to encourage more affordable housing and transit-oriented, walkable development and to promote inclusionary zoning practices?*

**Mary Kate Feeney: Yes.** I believe transit-oriented, walkable developments are the future of zoning and building.

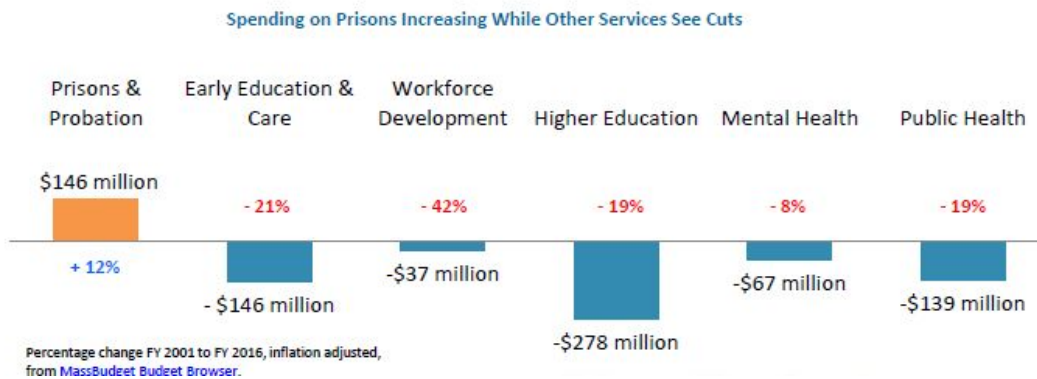

8. **Combating Speculation.** *Would you support legislation to allow cities and towns to impose a graduated tax on private real estate transactions over \$2.5 million, with the money allocated to affordable housing trust funds?*

**Mary Kate Feeney: Yes.**

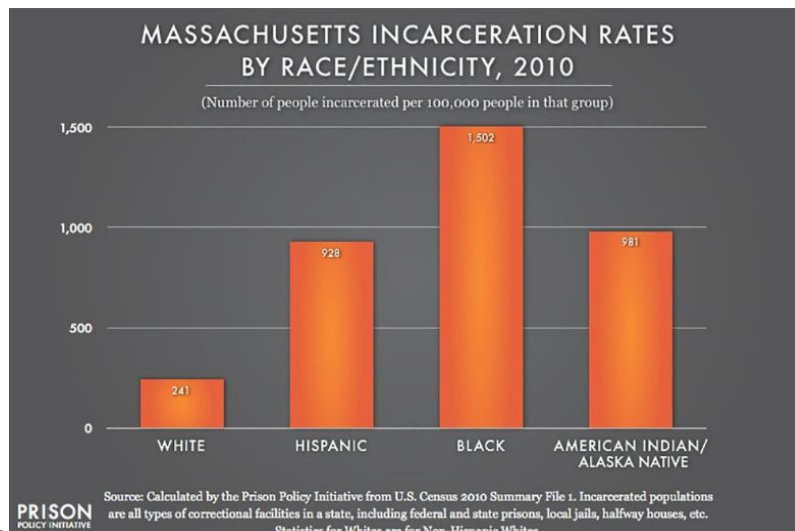

# F. RACIAL AND SOCIAL JUSTICE

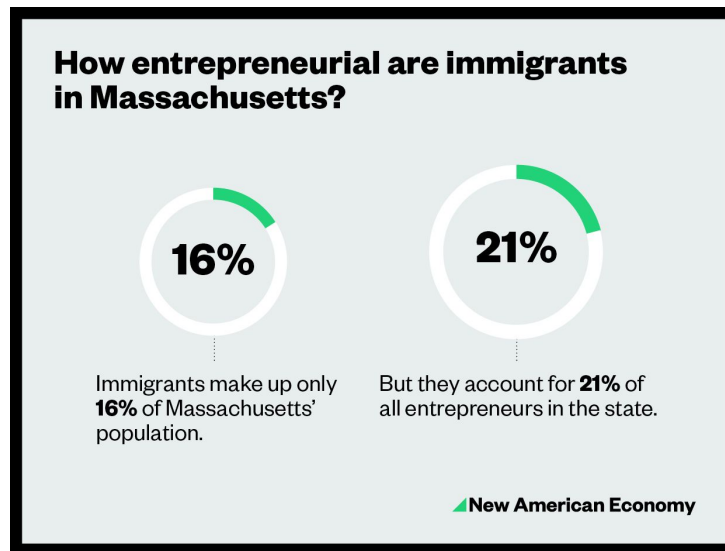

Massachusetts must continue to strive to be a state that welcomes and embraces all of its residents and combats prejudice and discrimination of all kinds. The social and economic costs of mass incarceration and the policies that created it, in particular, have put our aspirations of “justice for all” into crisis. We support a judicial system that does not disproportionately target communities of color and the poor, that does not criminalize public health issues such as addiction, that reorients away from ineffective and costly ‘tough on crime’ policies. A comprehensive approach to reform must be taken in all aspects of the criminal justice system.

**Spending on prisons has increased while other services have been cut.**

**Significant racial disparities exist in incarceration in Massachusetts**

1. *Please share your personal values and principles regarding Racial and Social Justice.*

**Mary Kate Feeney:** My hometown of Framingham is a wonderful diverse and vibrant community. We are lucky. And over all, we are very welcoming to all people. The Commonwealth is also, overall, welcoming to all people. But there is much more work we need to do on the issues of racial and social justice. We need to address issues of economic injustice, discrimination, immigration and the prison system.

2. *Please indicate work you personally have done to combat racism, Islamophobia, xenophobia, homophobia, transphobia, and other attempts to marginalize disadvantaged groups.*

**Mary Kate Feeney:** Two weeks ago, I was a co-organizer of our Keep Families Together rally on the steps of city hall. We had about 250 people attend; it was the largest rally outside of Boston. Secondly, I worked on a campaign to change Framingham's form of government. For too long voices from all parts of our community were silent due to our town form of government. Today, we have a government where these voices are now heard with equal representation on the City Council and School Committee.

3. *Trans Accommodations. In 2016, Massachusetts passed legislation to prevent discrimination against transgender individuals in public accommodations. Conservatives are seeking to repeal the bill on the 2018 ballot. Will you advocate for the protection of this legislation?*

**Mary Kate Feeney:** Yes.

4. *LGBTQ Youth. Our neighboring states of Connecticut, Rhode Island, and Vermont ban the use of harmful conversion therapy practices for minors. Do you support banning the use of conversion therapy in Massachusetts?*

**Mary Kate Feeney:** Yes.

5. *Mandatory Minimums. The landmark criminal justice reform bill passed earlier this year eliminated or reduced a number of mandatory minimums for drug-related offenses; however, it left in place, or*

*expanded, those related to opioids. The opioid crisis in Massachusetts is severe, but it will not be solved by doubling down on criminalization. Do you support eliminating mandatory minimums for opioid drug offenses?*

**Mary Kate Feeney: Yes.**

6. **Juvenile Justice -- Part I.** *Ample research shows that teenage offenders served by a juvenile system are much less likely to re-offend and more likely to successfully transition to adulthood. Teenagers in a juvenile system have access to greater educational and counseling services, and they're much less likely to face sexual assault than at an adult facility. Do you support raising the age of criminal majority from 18 to 21?*

**Mary Kate Feeney: Yes.**

7. **Juvenile Justice -- Part II.** *Under Massachusetts law, if a high school senior and a high school sophomore have sex – with mutual consent — the senior could be punished by incarceration and then forced to register as a sex offender. In recent years, states have been passing so-called "Romeo and Juliet" laws out of a recognition that such cases only get prosecuted when a parent disapproves of their child's relationship. Do you support the elimination of the charge of statutory rape for consensual sex between youths who are close in age (See H.3065 for reference)?*

**Mary Kate Feeney: Yes.**

8. **Solitary Confinement.** *Do you support limiting the use of solitary confinement to no more than 15 consecutive days, and eliminating the use of solitary confinement for at-risk populations, including pregnant women, LGBTQ people, those with mental illness, and those under age 21 or over age 65?*

**Mary Kate Feeney: Yes.**

9. **Police Accountability.** *Do you support the establishment of an independent review board for police shootings in the Commonwealth?*

**Mary Kate Feeney: Yes.**

10. **Militarization of Police.** *Under the federal 1033 program, the US Department of Defense can transfer excess military equipment to local police departments. Such equipment makes police forces look like occupying armies and exacerbates the impact of overpolicing in communities of color. Meanwhile, communities are often left in the dark about the equipment that local police departments are acquiring. Would you support, at minimum, a requirement that local elected officials vote on any such transfer before it can take place?*

**Mary Kate Feeney: Yes.**

11. **Safe Communities Act.** *Do you support the Safe Communities Act, which prohibits the use of state resources for mass deportations or deportation raids, limits local and state police collaboration with federal immigration agents, and prohibits state support for a Muslim registry?*

**Mary Kate Feeney: Yes.**

12. **Safe Driving Act.** *Would you support the Safe Driving Act, which would remove immigration status as a barrier to applying for a license or learner's permit?*

**Mary Kate Feeney: Yes.**

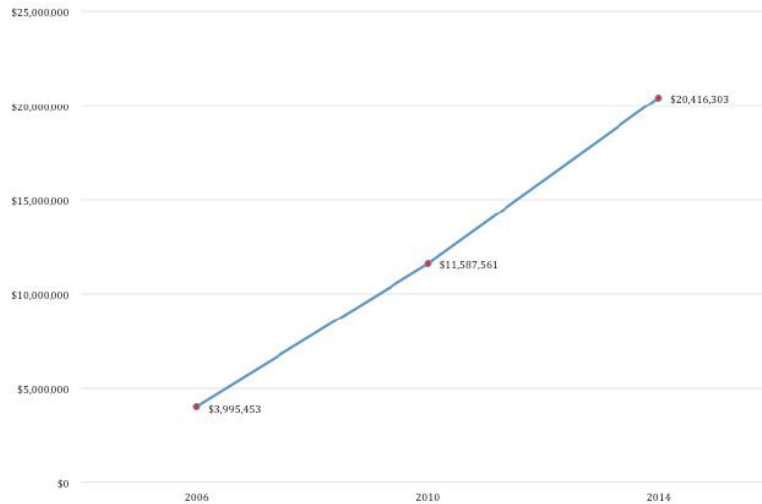

# G. GOOD GOVERNMENT/ STRONG DEMOCRACY

---

*The influence of big money in politics is detrimental to democracy. Independent expenditures in MA elections have grown by a factor of five over the past decade. A centralized power structure on Beacon Hill, is undemocratic, and makes it easier for lobbyists to target the top and undermine the system. A strong democracy requires an engaged electorate, but voter turnout in midterm elections, and especially local elections, remains low. Myths about voter fraud are peddled in order to justify voter suppression. The Election Modernization Act of 2014 helped eliminate Massachusetts’s embarrassing status as one of the ten worst states in terms of voting rights, but there is still much work to be done.*

**Independent expenditures in MA elections have risen rapidly.** (Source: [Common Cause](#))

**Figure 1: MA Independent Expenditure Totals**

1. *Please share your personal values and principles regarding Good Government and Strong Democracy.*

**Mary Kate Feeney:** Good government is good for democracy. I have spent my government career working towards having government that is accessible, transparent and equal. Our government cannot succeed if we do not bring everyone in, present the information about its operations, activities and financial matters to the public who, basically, fund the system. In these uncertain times with what is happening in Washington, D.C., it is up to state and local governments to give people the government they deserve. One that is truly for the people and by the people.

2. *Please indicate work you personally have done to promote transparency, campaign finance reform, legislative rules reform, and access to voting.*

**Mary Kate Feeney:** As the Director of Online Media for Governor Deval Patrick, I worked on a number of initiatives that promoted transparency, accessibility, accountability and equality: 1.) “In Your Neighborhood”: a map showing the travels of the Governor around the Commonwealth, why he was there and government funding each community received. This was shown through text, images and video; 2.) Part of the team that developed and launched OpenCheckbook (now called CTHRU), the first phase of the Commonwealth publishing its financial records online; 3.) Working with Administration and Finance on publishing maps detailing how each city and town would benefit from the Governor’s FY14 Budget. In Framingham, I worked on a campaign to change Framingham’s form of government. For too long voices from all parts of our community were silent due to our town form of government. Today, we have a government where these voices are now heard with equal representation on the City Council and School Committee. The Charter also has some of the strictest campaign finance reporting and transparency measures of any municipality

3. *Power and the Legislature. If elected, would you support efforts to dilute the amount of power held by leadership in your respective branch of government? For example, would you support a rule change allowing committees to appoint their own chair, instead of leadership?*

**Mary Kate Feeney: Yes.**

4. *Transparency. Massachusetts is one of only two states where the Governor's Office, the Legislature, and the Judiciary claim full exemption from the public records laws. Do you support ending that exemption?*

**Mary Kate Feeney: Yes.**

5. *Public campaign financing. Would you support legislation to create a robust public financing system for state elections?*

**Mary Kate Feeney: No.**

6. *Candidate Diversity. The cost of child care can prove prohibitive to working mothers or fathers seeking to run for office. Would you support legislation to explicitly allow working parents running for office to use campaign funds to pay for childcare while the candidate is "performing work or attending events directly related to the candidate's campaign"?*

**Mary Kate Feeney: Yes.**

7. *Voting. Which of the following policies to increase voter participation do you support?*

a. *Election day voter registration*

**Mary Kate Feeney: Yes.**

b. *Automatic voter registration*

**Mary Kate Feeney: Yes.**

c. *Expansion of early voting to “off-year” elections*

**Mary Kate Feeney: No.**

d. *No-fault absentee voting*

**Mary Kate Feeney: Yes.**

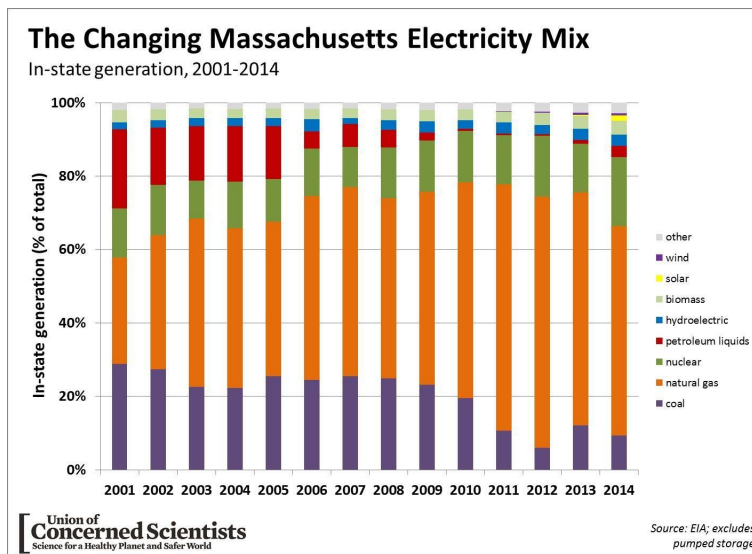

# H. SUSTAINABLE INFRASTRUCTURE AND ENVIRONMENTAL PROTECTION

Massachusetts will be hit particularly hard by climate change. In order to avoid catastrophic climate change, global carbon emissions need to be reduced by 70% by 2050 and brought to 0 by 2080. In 2016, the Massachusetts Supreme Judicial Court ruled that the state has failed to meet its legal obligation to set and enforce annual limits on greenhouse gas emissions as outlined in the 2008 Global Warming Solutions Act. Setting and reaching these goals will require the decarbonization of our state economy and a transition away from fossil fuels toward clean, renewable sources of energy. In light of congressional gridlock at the federal level, state government must take a role in incentivizing reduced carbon usage and assisting in coordination between agencies and moving forward local government understanding of looming climate threats.

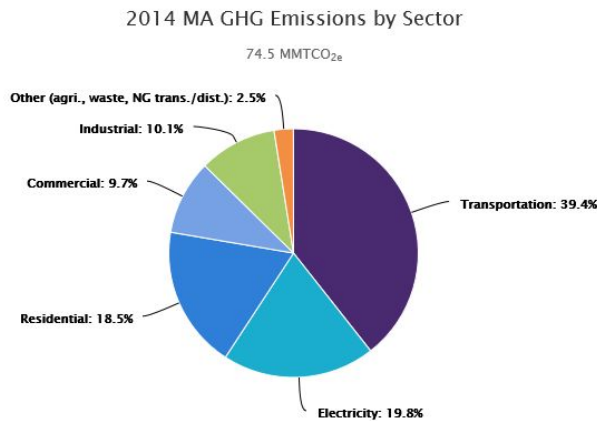

Equity issues loom large, as low-income communities and communities of color are often the most vulnerable to natural disasters and bear the brunt of pollution. In 2014, Governor Deval Patrick signed an executive order directing all state agencies to devote resources to protect the health, safety, and environment for the most vulnerable residents. However, this nominal commitment to “Environmental Justice” has been more rhetorical than real.

Public transit must play a role in decarbonizing our transportation system, as well as advancing complementary goals of equity and inclusion. However, Massachusetts politicians have lost their understanding of public transit as a public good that benefits all residents and businesses in Massachusetts, not just those who use it in their daily lives. The greatest evidence of this is their neglect of the MBTA: its debt has grown to nearly \$5.5 billion, with over \$7 billion in deferred maintenance costs. Regional Transit Authorities that serve communities, including Gateway Cities across the state, face enormous capital needs as well.

**Despite recent progress, Massachusetts is still overwhelmingly dependent on fossil fuels.**

**Transportation is currently the largest contributor to greenhouse gas emissions in MA.**

1. *Please share your personal values and principles regarding Sustainable Infrastructure and Environmental Protection.*

**Mary Kate Feeney:** Growing up in Framingham, there was always an adventure awaiting us outside. Summer days were spent running track at Bowditch Field or hiking in Callahan State Park, while spring evenings allowed for innings of baseball at our fields. Our bikes were the transportation we needed to get around the neighborhood. It was through all of these activities I gained a love for the outdoors and a deep motivation to preserve our environment for future generations. With the anti-environmental policies and attitude coming out of Washington, D.C., it is up to us in Framingham and Massachusetts to continue making our communities more green.

As Framingham’s full time state representative, these issues will be a top priority:

- Expand rail trails, walking and bike trails, such as continuing the work on connecting the Bruce Freeman Trail to Framingham, to provide more transportation options;
- Preserve our open space and recreational areas, including our working farms, farmers’ markets and community gardens;
- Enhance Farm Pond by connecting it to Downtown Framingham and expanding recreational opportunities for all ages;
- Sponsor statewide measures focused on consumers to increase use of renewable energy and creation of green jobs;
- Work with city and state officials in the cleanup of environmentally contaminated sites throughout our community and hold those polluters responsible.

Greener communities mean a better quality of life for all of our residents. Representative Chris Walsh understood this fully and was a leading voice on these issues. As our full time state representative, I am committed to continuing his work and making these plans into reality.

2. *Please indicate work you personally have done to protect the environment and expand access to public transportation.*
3. **Waste Reduction.** *Would you support a statewide ban on single-use shopping bags and a requirement that alternatives be more sustainable?*

**Mary Kate Feeney:** Yes.

4. **Solar energy.** Do you support increasing equitable access to solar power by removing caps on solar generation and restoring compensation for low-income and community solar?

**Mary Kate Feeney: Yes.**

5. **Renewable Energy.** Do you support a target of at least 50% clean energy by 2030 for Massachusetts, as adopted in California and New York? (Hawaii is committed to 100% renewables by 2045). To accomplish this, would you support an increase in the Renewable Energy Production Standard (the green energy mandate on utilities) by at least 3% each year?

**Mary Kate Feeney: Yes.**

6. **Environmental Justice.** Successive and bipartisan gubernatorial administrations have made verbal commitments to environmental justice (EJ) and Governor Deval Patrick issued an Executive Order on Environmental Justice in 2014 which has not been implemented.

- a. Would you support implementation of the 2014 EO?

**Mary Kate Feeney: Yes.**

- b. and support efforts to codify environmental justice into law?

**Mary Kate Feeney: Yes.**

7. **Gas pipelines.** Do you oppose the expansion of gas pipelines in the state?

**Mary Kate Feeney: Yes.**

8. **Carbon pricing.**

- a. Do you support putting a fee on carbon emissions?

**Mary Kate Feeney: Yes.**

- b. Do you support using some of the revenue from such a fee to invest in **green infrastructure**?

**Mary Kate Feeney: Yes.**

9. **Public Utilities.** Would you support legislation to allow municipalities to purchase their electric distribution utility (the poles and wires that transmit power) and operate a municipal or cooperative electric utility?

**Mary Kate Feeney: Yes.**

10. **Public Transit.** Do you support finding progressive revenue sources to fund the maintenance, expansion, and improvement of the MBTA and the RTAs?

**Mary Kate Feeney: Yes.** I was a supporter of the Fair Share Amendment.

11. **Regional Transportation Funding.** Would you support legislation to allow municipalities to place a

*question on the ballot to raise revenue for local and regional transportation projects?*

**Mary Kate Feeney:** Yes.

# III. ADDITIONAL COMMENTS

**Limit answer to 150 words or fewer.**

*Use this space to add any other issues important to your vision for Massachusetts or any other matter you think progressive voters should know about your candidacy.*

**Mary Kate Feeney:** Our district has a long history of sending strong, thoughtful, progressive leadership to the State House to represent us, most recently by Rep. Chris Walsh. I want to continue that kind of representation for the people of Framingham. I also pledge to be a full-time State Representative as I believe that my only loyalty should be to the people of Framingham.

Framingham is a wonderfully diverse and dynamic community. I will work hard to ensure we receive our fair share of resources for our schools and teachers, and protect our environment, including initiatives to preserve open space and expand rail trails. I will advocate for a modern, reliable public transportation system. I will fight to end the opioid epidemic and mental health stigmas.

I am passionate about serving as our full-time Representative. You deserve thoughtful, knowledgeable and effective representation in the State House, and I will bring it.
