# Introduction: Progressive Mass

## About

---

*Progressive Massachusetts is a statewide, grassroots organization committed to working toward shared prosperity, racial and social justice, good government and strong democracy, and sustainable infrastructure and environmental protection. It was founded 5 years ago by local organizers from the Patrick and Obama campaigns in order to continue to move forward progressive values and issues in Massachusetts.*

*Advancing a progressive agenda in Massachusetts requires electing legislators who share--and will fight for--our values, and then holding them accountable.*

### Membership

One of the benefits of being a dues-paying member of Progressive Massachusetts is that you get to participate in our endorsement votes for key elections, helping to shape the future direction of progressive policymaking in the state. **Not yet a member? Join!** [ProgressiveMass.com/member](https://ProgressiveMass.com/member)

### How Endorsements Work

Progressive Massachusetts sends candidates this detailed policy questionnaire, revised periodically by the Elections & Endorsements Committee (EEC). The EEC may choose to make a recommendation in a given race, but the ultimate decision lies with you--the members. In each race, you can choose to vote for a **candidate**, vote “**no endorsement**,” or **abstain**. Candidates who receive at least 60% of all ballots submitted in their respective race will be endorsed by Progressive Massachusetts. If no candidate in a race reaches the 60% threshold, we will not endorse. Regardless of whether or not we endorse, all questionnaires will be made available on our website as a public service.

# I. About the Candidate

## Amaad Rivera

---

### 1. *Why are you running for office? And what will your top 3 priorities be if elected?*

**Amaad Rivera:** I am running, because given all that we are facing we cannot accept the status quo and we have to fight for what we believe in.

I am running on an agenda that fights for universal healthcare, reduces gun violence, fully funds our public schools, invests in small business and stands up to the trump administration.

2016 changed me.

I was devastated because I felt like our party was losing ground to an ugly side of America and felt that we were losing this ground because many of our leaders believed that the status quo is enough to stop them.

That night changed me, it showed me that the price of our complacency can be disastrous.

And I know I wasn't the only one that learned this lesson. Every day after that election we have seen the power of regular people, who refuse to accept the status quo. The women who took to the streets because they refused to be silenced, the young people who marched for their lives, the scientist who believe that "Facts Matters", the teachers who walked out so that our children can walk into a bright future, the lawyers that flooded airports to protect people based on their religion and to the voices who shouted Black Lives matter.

I am running to be that change for Hampden District.

### 2. *What prepares you to serve in this capacity?*

**Amaad Rivera:** I spent a career making our government work for everyone and challenging the status quo. Whether it was as Springfield City Councilor leading the effort to curb the foreclosure crisis, or as a state government official helping to write the economic development plan for Western MA, or as a leader for Babson College's national initiative to help small businesses grow. I also served as the State Policy Director for US Senator Ed Markey. I went to elementary school in Chicopee, spent most of my life in Springfield and met the love of my life who lived in West Springfield. I am proud of being a child of this community.

# A. REVENUE AND TAXATION

Despite the label of “Taxachusetts,” Massachusetts ranks 22nd among states in terms of state and local taxes as a share of total personal income and below the national average. Between 1977 and 2012, Massachusetts reduced state taxes by more than all but one other state. Because of income tax cuts enacted between 1998 and 2002, Massachusetts is losing over \$3 billion in tax revenue each year. Such cuts to the state income tax have meant increasing reliance on fees, as well as sales, gas, and property taxes, exacerbating the overall regressivity of the system. Regressive taxation strains low- and middle-income families, and reduced revenue collection curtails our ability to invest in vital infrastructure. It also restricts legislators’ ability to pass new and visionary legislation, as there is a continual shortage of funds for existing priorities.

**Declining revenues have meant drastic cuts, limiting our ability to invest in our communities and future economic stability.**

This 13.1% decline in tax revenue has led to deep budget cuts and ongoing budget challenges.

1. *What principles do you bring to considerations of state revenue and tax reform (individual and corporate)? How should we raise more revenue to adequately fund our communities for the future?*

**Amaad Rivera:** Bold leadership requires us to place the investments we need to produce the outcomes we deserve.

Investments in our schools, libraries, college programs/grants and community centers are what took a child, like me, living in a homeless shelter to becoming a US Senator's Policy Director. Those investments are incredible important for changing lives.

I believe that as Massachusetts taps into emerging markets like cannabis, sports gambling or casinos, that those should be taxed to meet the needs of MA communities. I also fully support the millionaire's tax, as well as potential other innovative taxes to fund our important initiatives.

2. *Optional/As Applicable: Please indicate work you personally have done to advance your principles on revenue and taxation (legislation, community work, published writings, etc.).*
3. *Progressive Taxation. Currently, Progressive Massachusetts is working on a constitutional amendment to increase the income tax on income over \$1 million by 4% (Fair Share Amendment, sometimes referred to as the "Millionaire's Tax"), which will be on the 2018 ballot. Do you support this ballot question?*

**Amaad Rivera:** Yes.

4. *Sales Tax Holiday. It has been demonstrated over and over that the annual sales tax holiday does not serve its intended purpose of increasing sales, but rather just shifts sales to the weekend of the holiday. Would you oppose efforts to extend the sales tax holiday?*

**Amaad Rivera:** Yes. My opponent in this race, Senator Jimmy Welch, voted to support this on multiple occasions

5. *Corporate Tax Breaks & Disclosure. Do you support the state's collecting and publicly disclosing the information about the benefits actually provided by corporations receiving tax credits?*

**Amaad Rivera:** Yes.

6. *Corporate Tax Breaks & Wages. Do you support requiring any company receiving tax credits from the state to pay a living wage and provide good benefits to all its employees?*

**Amaad Rivera:** Yes.

## B. JOB GROWTH AND THE ECONOMY

The Massachusetts economy has continued to grow and recover from the Great Recession, but the gains have not been shared equally. According to various measures of income inequality, Massachusetts now ranks as one of the top ten most [unequal states](#). We are one of the most expensive states in the country for [health care](#), [housing](#), and [child care](#), all of which strain wages. Most MA workers do not have access to paid medical leave, and only a small fraction have access to paid family leave--gaps that force people to choose between their (or their family's) health and their job.

Productivity has grown significantly since the 1970s, but it is not being reflected in higher wages.

**1. Share your personal values and principles on job growth and the economy.**

*How can we improve the economy and economic security for all people? How do we grow the number of good-paying jobs in the Commonwealth? How do you view wealth and income inequality, and what would you do about it, if anything?*

**Amaad Rivera:** While Massachusetts continues to grow, Hampden county is being left behind. This state is home to some of the greatest displays of economic development as well as greatest economic disparities, with Hampden county being at the center.

We need bold leadership as the in the State Senate that will allow our communities to fully tap in our potential, by ensuring equitable investment and economic growth.

Investments in transit-oriented development, housing and emerging markets can help us curb this troubling trend. But we cannot do that, by doing the same things over and over again.

**2. Optional/As Applicable: Please indicate work you personally have done to advance your principles on job growth and the economy (legislation, community work, published writings, etc.).**

**Amaad Rivera:** I have spent a career working to address inequality and working on smart solution to get address. From working at organization like United for a Fair Economy to serving as the Policy Director for US Senator Ed Markey. I have been trying to make government work for people.

**3. Increasing Wages.**

**a. Minimum wage.** Do you support raising the minimum wage to \$15 an hour?

**Amaad Rivera: Yes.**

**b. Tipped Minimum Wage.** And making the tipped minimum wage equal to that of the regular minimum wage?

**Amaad Rivera: Yes.**

**c. Indexing the Minimum Wage.** And indexing the minimum wage to inflation?

**Amaad Rivera: Yes.**

**d. Teen Minimum Wage.** And reject efforts to create a subminimum wage for teen workers?

**Amaad Rivera: Yes.**

**4. Paid Leave.** Do you support requiring access to up to 16 weeks of paid family leave and 26 weeks of paid medical leave?

**Amaad Rivera: Yes.**

5. **Unions -- Part I.** *If workers in Massachusetts make the decision to unionize, would you be willing to publicly support a union-organizing drive and discourage management from fighting their decision?*

**Amaad Rivera: Yes.** As a Springfield City Councilor, my first resolution was in support of IBEW fight with Verizon. After leading that effort, I wanted to picket lines with the workers in Springfield.

6. **Unions -- Part II.** *Since 2010 election, a number of states have rolled back the collective bargaining rights of public workers as part of a well-funded, nationwide assault on unions led by wealthy, conservative donors. Would you oppose any effort to roll back the collective bargaining rights of state or municipal employees?*

**Amaad Rivera: Yes.**

7. **Wage Theft.** *Do you support legislation to hold businesses responsible for the wage violations of their subcontractors when the work they do is substantially connected to the company's operations?*

**Amaad Rivera: Yes.**

8. **Mandatory Arbitration.** *Would you support legislation to prohibit the use of mandatory arbitration provisions in employment contracts, i.e., requirements that an employee forfeit the right to sue the employer for discrimination, nonpayment of wages or other illegal conduct?*

**Amaad Rivera: Yes.**

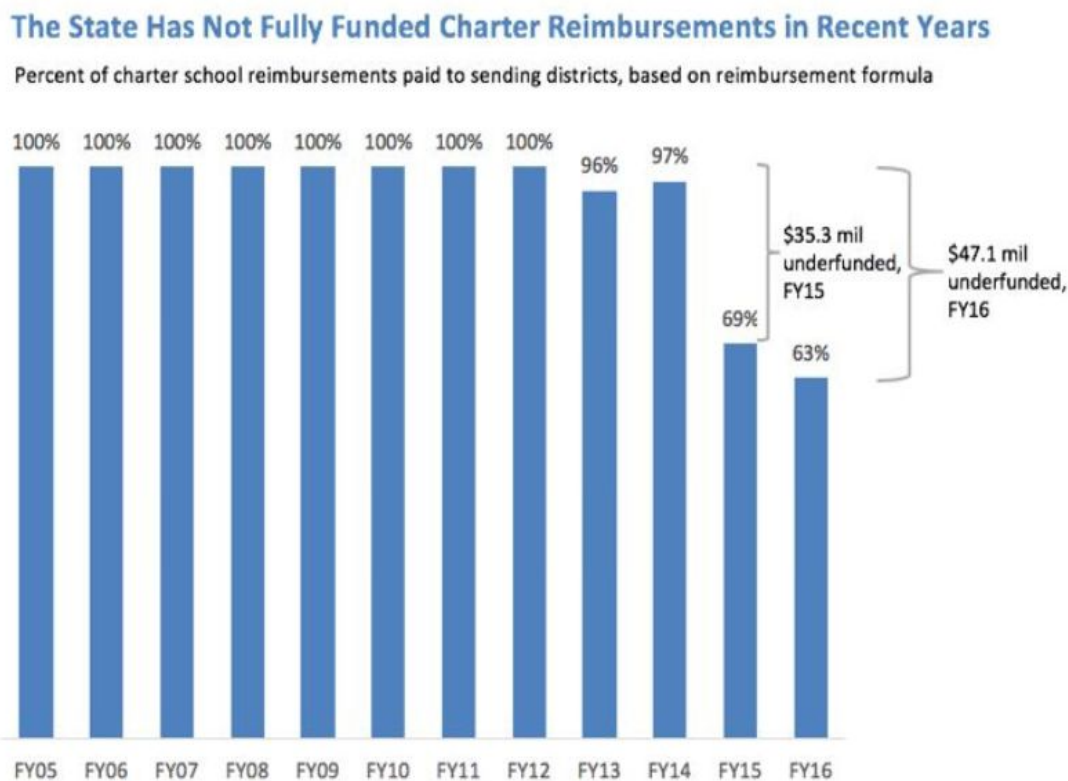

9. **Economic Democracy.** *Would you support legislation to foster and develop employee ownership of businesses in Massachusetts and encourage the formation of cooperatives and/or benefit corporations?*

**Amaad Rivera: Yes.**

## C. EDUCATION

The promise of public education has always been as a gateway to opportunity and mobility for all, regardless of economic circumstances, a cornerstone of the American dream for all residents. The mission of public schools is to serve all students, including English Language Learners and those with special needs. However, powerful corporate interests are working to undermine public schools, teachers, and unions. These groups are investing millions of dollars to promote the expansion of privately run charter schools, which siphon money from our public K-12 districts while largely excluding students with the greatest needs. Various forms of privatization are being proposed and implemented, including charter schools and “turnaround” schemes that put private management groups in charge of struggling public schools. Costly, mandated standardized test results are used to justify these privatization schemes. Finally, the soaring price of higher education over the last several decades has made access to this opportunity increasingly out of reach, at the very moment when higher education makes a greater difference to one’s economic future.

**The state hasn’t been living up to its responsibility to fully fund our public schools.**

**Higher educational attainment leads to higher wages.**

**Massachusetts has been disinvesting from higher education and shifting the cost burden onto students.**

**Per Student, Higher Ed. Cut by 31 Percent Since FY 2001**

1. ***Please share your personal values and principles regarding public education. What value does public education have in improving our economy as well as in addressing matters of economic justice? How can we close persistent achievement gaps? What measures should the Commonwealth take on these issues?***

**Amaad Rivera:** As someone who attended public schools my entire life, throughout the Hampden district, as well as attended public college (University of Massachusetts-Amherst), I deeply understand the value of a strong public school system and how it can change lives.

In Hampden, our schools are constantly asked to do more with less, and due to being under resourced and underfunded, they struggle to meet the needs of children. That is why I am fighting to fully fund our public schools, fix the charter school funding formula to send more money back to our traditional schools, pushing to expand vocational education, universal pre-k and working to reduce the cost of college in the state.

2. ***Optional/As Applicable: Please indicate work you personally have done to advance your principles on public education?***

**Amaad Rivera:**

<https://miracoalition.org/en/mc-releases/245-educational-opportunity-hearing-packed-with-supporters-including-gov-patrick>

3. ***Universal Pre-K. Would you support creating universal, free Pre-K, accessible to any resident of Massachusetts, integrated into the public school system?***

**Amaad Rivera: Yes.**

4. ***Standardized Testing. Do you oppose the use of high-stakes testing for such things as student promotion, high school graduation, teacher evaluation, and the evaluation of schools and districts?***

**Amaad Rivera:**

5. ***Equitable Funding. Do you support changing the Chapter 70 Education formula, including the Foundation Budget, to incorporate proper state funding for ELL students, Special Education students, transportation costs, charter school reimbursements to sending schools, and class size reduction?***

**Amaad Rivera: Yes.**

6. ***Charter Schools. Last November, Massachusetts voters overwhelmingly rejected a ballot initiative to lift the cap on charter schools given the millions of dollars it would have siphoned away from public schools.***

- a. ***Would you support keeping the cap on charter schools?***

**Amaad Rivera: Yes.** This has been defeated by the ballot, legislation and the court system. I will stand boldly with community on this issue.

*b. Would you support legislation to bring **greater accountability and transparency to charter schools**, such as by requiring them to adhere to the same disclosure and disciplinary standards as public school districts?*

**Amaad Rivera: Yes.**

*7. **Sex Education.** Do you support requiring public schools that teach sexual health education to provide age-appropriate, medically accurate information that is inclusive of all sexual orientations and gender identities that hat includes the effective use of contraception?*

**Amaad Rivera: Yes.**

*8. **Higher Education Access.** Would you support legislation to grant in-state tuition and financial aid to undocumented students?*

**Amaad Rivera: Yes.** I was a leader on this issues as a city councilor and fought to make this a reality with MIRA.

*9. **Tuition-Free Higher Education.** Would you support making tuition free at public colleges and universities?*

**Amaad Rivera: Yes.** My opponent has opposed this and other similar legislation.

## D. HEALTH CARE

Massachusetts has led the way in providing near universal health insurance coverage, with 97% of the state having health insurance. We provided the blueprint for the national Affordable Care Act, with an insurance-based reform passed by the Democratic Legislature and signed by Republican Governor Romney. While the reforms of President Obama's Affordable Care Act are under assault by Republicans (who control the Executive and both legislative chambers), Massachusetts could lead in more progressive health care reforms. Even without the Republican dismantling of national reforms, there is still work to do right here in Massachusetts. MA's Democratic Legislature passed, and the Republican governor signed, the ACCESS bill in 2017--protecting the right to no-fee contraception, which is (federally) under threat: Where our federal advances are being rolled back, Massachusetts could--and should--push progressively forward. Significant disparities in health insurance coverage and health care access continue to exist along income, racial, and education lines. Premiums continue to rise, and medical debt remains a persistent problem. We still spend an oversized portion of public and private money on health care, but without necessarily achieving better health outcomes.

**MA has among the highest health insurance premiums in the country.**

Source: Agency for Healthcare Research and Quality, Medical Expenditure Panel Survey, Insurance Component

1. *Please share your personal values and principles regarding health care insurance, delivery, and outcomes.*

**Amaad Rivera:** Universal Health Care is incredibly important to Hampden County. USA Today ranked Hampden county the worst part of Massachusetts, due in part to negative health outcomes associated with our district.

Universal Health Care would allow our community to address its long standing negative healthcare outcomes.

As the next State Senator I will fight for a truly universal healthcare system that invest in prevention, reduces cost, and addresses issues like our opioid epidemic, pre-natal care, and access to medication for diseases like diabetes.

2. *Optional/As Applicable: Please indicate work you personally have done to advance your principles on health care (legislation, community work, published writings, etc.).*

**Amaad Rivera:** I am excited to receive the endorsement of Mass-Care, the largest advocacy organization in MA dedicated to Universal Health Care.

3. *Single Payer. Would you support legislation to enact a single payer health care system in Massachusetts?*

**Amaad Rivera:** Yes. My opponent has refused to support this legislation, and in fact, when it was before his committee voted for it to be sent to study versus it being debated on the Senate floor.

4. *Reproductive Rights. Would you support legislation to guarantee women access to abortion care without dangerous delay, isolation, and obstruction?*

**Amaad Rivera:** Yes. My opponent refused to co-sponsor the ACCESS bill, that expanded the coverage of healthcare to include contraception.

5. *Dental Care. Do you support the authorization of dental therapists in Massachusetts, similar to a nurse practitioner or physician assistant, in order to expand access to dental care?*

**Amaad Rivera:** Yes.

6. *Prescription Drug Pricing. Would you support a drug transparency law, like the one recently passed in California, that requires pharmaceutical companies to publicly justify steep price increases?*

**Amaad Rivera:** Yes.

## E. HOUSING

---

Massachusetts has a lot to offer, but that does little if people can't afford to live here. Although Massachusetts ranked #1 last year in the [US News & World Report's state ranking](#), we were #45 in cost of living and #44 in housing affordability. A worker earning minimum wage in Massachusetts would have to work [80 hours a week](#) to afford a modest one bedroom rental home at market rate (and almost 100 hours a week in Metro Boston). Over the last ten years, the need for affordable housing has increased, while funds for affordable housing have decreased at both federal and state levels. The Commonwealth is at risk of losing [14,231 subsidized units](#) by December 31, 2019, as subsidies expire and owners convert properties into market-rate condominiums. Half of families in Greater Boston alone pay over 30% of their income in housing and utilities costs—and over 25% of households pay more than half their income to housing. There is a waiting list of up to ten years for a rental voucher. This is unsustainable. It has led to expanding economic inequality, increased homelessness, and damage to our economy, as talented workers often leave the state for less expensive regions.

### Median rents have gone up by more than 30% since 2011.

(source: [zillow.com](#))

**1. Please share your personal values and principles regarding affordable housing.**

*How would you ensure that there is suitable housing for all who need it, within reasonable distance of job opportunities? How would you address the need to link housing, jobs, and transportation? How would you tackle homelessness?*

**Amaad Rivera:** Housing is the central component to creating safe, secure and economically stable communities. It is the largest component of wealth for the majority of families in the country and the commonwealth.

Ensuring that we make it possible for people to rent, own and remain in the communities they choose, is essential to building the thriving cities and towns.

I have spent a career working on policies that help to create smart economic development, that lifts communities up while creating the housing opportunities we deserve.

**2. Optional/As Applicable:** Please indicate work you personally have done to advance your principles on housing (legislation, community work, published writings, etc.).

**Amaad Rivera:**

<http://www.springfieldnooneleaves.org/federal-court-upholds-springfields-historic-foreclosure-ordinance/>

<https://www.c-span.org/person/?amaadrivera>

**3. Funding.** Do you support increasing funding for...

*a. The creation of new units of affordable housing, especially low-income units?*

**Amaad Rivera: Yes.**

*b. The Massachusetts Rental Voucher Program?*

**Amaad Rivera: Yes.**

*c. Matching funds for the Community Preservation Act (via fees from the Registry of Deeds)?*

**Amaad Rivera: Yes.**

**4. Housing Preservation.** Currently, certain property owners who guarantee affordable rents have been incentivized by subsidized mortgages via the 13A program. However, many of the contracts under 13A are set to expire in 2019. Do you support giving cities and towns the authority to require such apartments to remain affordable?

**Amaad Rivera: Yes.**

**5. Foreclosure Prevention.** Do you support a requirement that banks mediate in good faith with homeowners to seek alternatives before beginning foreclosure proceedings?

**Amaad Rivera: Yes.** As a City Council, I lead the effort to create the strongest anti-foreclosure law in the country.

**6. Tenant Protections.** Would you support legislation, such as the Jim Brooks Stabilization Act, that requires landlords to provide a reason when seeking to evict a tenant, like failure to pay rent, damaging property, or breaking a lease; informs tenants of their rights under state law; and increases data collection on eviction?

**Amaad Rivera: Yes.**

**7. Zoning Reform.** Would you support legislation to upgrade Massachusetts's zoning laws to encourage more affordable housing and transit-oriented, walkable development and to promote inclusionary zoning practices?

**Amaad Rivera: Yes.**

**8. Combating Speculation.** Would you support legislation to allow cities and towns to impose a graduated

*tax on private real estate transactions over \$2.5 million, with the money allocated to affordable housing trust funds?*

**Amaad Rivera: Yes.**

# F. RACIAL AND SOCIAL JUSTICE

Massachusetts must continue to strive to be a state that welcomes and embraces all of its residents and combats prejudice and discrimination of all kinds. The social and economic costs of mass incarceration and the policies that created it, in particular, have put our aspirations of “justice for all” into crisis. We support a judicial system that does not disproportionately target communities of color and the poor, that does not criminalize public health issues such as addiction, that reorients away from ineffective and costly ‘tough on crime’ policies. A comprehensive approach to reform must be taken in all aspects of the criminal justice system.

## Spending on prisons has increased while other services have been cut.

## Significant racial disparities exist in incarceration in Massachusetts

1. *Please share your personal values and principles regarding Racial and Social Justice.*

**Amaad Rivera:** Prioritizing equality is incredibly important. When we reduce inequality our communities thrive. I am running in one of the three majority-minority State Senate district in Massachusetts. My district is the only one never represented by a person of color in the history of the commonwealth.

Bringing a perspective of equality, allows my district to address long-standing issues which has received little attention but would change lives. I am running to be the change our community deserves, and to fight for policies that allow our Hampden as a whole to thrive.

2. *Please indicate work you personally have done to combat racism, Islamophobia, xenophobia, homophobia, transphobia, and other attempts to marginalize disadvantaged groups.*

**Amaad Rivera:** As a city councilor, I organized Springfield Pride. I also lead the effort to ensure city services were accessible to Non-English speakers as well as opt-out of secure communities.

<http://www.therainbowtimesmass.com/springfield-mass-pride-past-present-future/>

3. *Trans Accommodations. In 2016, Massachusetts passed legislation to prevent discrimination against transgender individuals in public accommodations. Conservatives are seeking to repeal the bill on the 2018 ballot. Will you advocate for the protection of this legislation?*

**Amaad Rivera:** Yes. I am helping to lead the effort in Hampden County to defeat this question before the ballot. My opponent has remain silent on this issue, even though people like Scott Lively live in our district.

4. *LGBTQ Youth. Our neighboring states of Connecticut, Rhode Island, and Vermont ban the use of*

*harmful conversion therapy practices for minors. Do you support banning the use of conversion therapy in Massachusetts?*

**Amaad Rivera: Yes.** It is unacceptable that this is still the law in MA.

5. **Mandatory Minimums.** *The landmark criminal justice reform bill passed earlier this year eliminated or reduced a number of mandatory minimums for drug-related offenses; however, it left in place, or expanded, those related to opioids. The opioid crisis in Massachusetts is severe, but it will not be solved by doubling down on criminalization. Do you support eliminating mandatory minimums for opioid drug offenses?*

**Amaad Rivera: Yes.** My opponent has refused to support ending them, and in fact has voted on several cases to increase mandatory minimums.

6. **Juvenile Justice -- Part I.** *Ample research shows that teenage offenders served by a juvenile system are much less likely to re-offend and more likely to successfully transition to adulthood. Teenagers in a juvenile system have access to greater educational and counseling services, and they're much less likely to face sexual assault than at an adult facility. Do you support raising the age of criminal majority from 18 to 21?*

**Amaad Rivera: Yes.**

7. **Juvenile Justice -- Part II.** *Under Massachusetts law, if a high school senior and a high school sophomore have sex – with mutual consent — the senior could be punished by incarceration and then forced to register as a sex offender. In recent years, states have been passing so-called "Romeo and Juliet" laws out of a recognition that such cases only get prosecuted when a parent disapproves of their child's relationship. Do you support the elimination of the charge of statutory rape for consensual sex between youths who are close in age (See H.3065 for reference)?*

**Amaad Rivera: Yes.**

8. **Solitary Confinement.** *Do you support limiting the use of solitary confinement to no more than 15 consecutive days, and eliminating the use of solitary confinement for at-risk populations, including pregnant women, LGBTQ people, those with mental illness, and those under age 21 or over age 65?*

**Amaad Rivera: Yes.**

9. **Police Accountability.** *Do you support the establishment of an independent review board for police shootings in the Commonwealth?*

**Amaad Rivera: Yes.**

10. **Militarization of Police.** Under the federal 1033 program, the US Department of Defense can transfer excess military equipment to local police departments. Such equipment makes police forces look like occupying armies and exacerbates the impact of overpolicing in communities of color. Meanwhile, communities are often left in the dark about the equipment that local police departments are acquiring. Would you support, at minimum, a requirement that local elected officials vote on any such transfer before it can take place?

**Amaad Rivera: Yes.**

11. **Safe Communities Act.** Do you support the Safe Communities Act, which prohibits the use of state resources for mass deportations or deportation raids, limits local and state police collaboration with federal immigration agents, and prohibits state support for a Muslim registry?

**Amaad Rivera: Yes.** My opponent has refused to support this legislation for over 6 years

12. **Safe Driving Act.** Would you support the Safe Driving Act, which would remove immigration status as a barrier to applying for a license or learner's permit?

**Amaad Rivera: Yes.**

# G. GOOD GOVERNMENT/ STRONG DEMOCRACY

---

*The influence of big money in politics is detrimental to democracy. Independent expenditures in MA elections have grown by a factor of five over the past decade. A centralized power structure on Beacon Hill, is undemocratic, and makes it easier for lobbyists to target the top and undermine the system. A strong democracy requires an engaged electorate, but voter turnout in midterm elections, and especially local elections, remains low. Myths about voter fraud are peddled in order to justify voter suppression. The Election Modernization Act of 2014 helped eliminate Massachusetts’s embarrassing status as one of the ten worst states in terms of voting rights, but there is still much work to be done.*

**Independent expenditures in MA elections have risen rapidly.** (Source: [Common Cause](#))

**Figure 1: MA Independent Expenditure Totals**

1. *Please share your personal values and principles regarding Good Government and Strong Democracy.*

**Amaad Rivera:** The best government is one that represents the issues, identity and concerns of the entire community. I will work to ensure that all voices are heard in the State Senate, not just those of the few.

2. *Please indicate work you personally have done to promote transparency, campaign finance reform, legislative rules reform, and access to voting.*
3. *Power and the Legislature. If elected, would you support efforts to dilute the amount of power held by leadership in your respective branch of government? For example, would you support a rule change*

*allowing committees to appoint their own chair, instead of leadership?*

**Amaad Rivera: Yes.**

4. **Transparency.** *Massachusetts is one of only two states where the Governor's Office, the Legislature, and the Judiciary claim full exemption from the public records laws. Do you support ending that exemption?*

**Amaad Rivera: Yes.**

5. **Public campaign financing.** *Would you support legislation to create a robust public financing system for state elections?*

**Amaad Rivera: Yes.**

6. **Candidate Diversity.** *The cost of child care can prove prohibitive to working mothers or fathers seeking to run for office. Would you support legislation to explicitly allow working parents running for office to use campaign funds to pay for childcare while the candidate is "performing work or attending events directly related to the candidate's campaign"?*

**Amaad Rivera: Yes.**

7. **Voting.** *Which of the following policies to increase voter participation do you support?*

a. *Election day voter registration*

**Amaad Rivera: Yes.**

b. *Automatic voter registration*

**Amaad Rivera: Yes.**

c. *Expansion of early voting to "off-year" elections*

**Amaad Rivera: Yes.**

d. *No-fault absentee voting*

**Amaad Rivera: Yes.**

# H. SUSTAINABLE INFRASTRUCTURE AND ENVIRONMENTAL PROTECTION

Massachusetts will be hit particularly hard by climate change. In order to avoid catastrophic climate change, global carbon emissions need to be reduced by 70% by 2050 and brought to 0 by 2080. In 2016, the Massachusetts Supreme Judicial Court ruled that the state has failed to meet its legal obligation to set and enforce annual limits on greenhouse gas emissions as outlined in the 2008 Global Warming Solutions Act. Setting and reaching these goals will require the decarbonization of our state economy and a transition away from fossil fuels toward clean, renewable sources of energy. In light of congressional gridlock at the federal level, state government must take a role in incentivizing reduced carbon usage and assisting in coordination between agencies and moving forward local government understanding of looming climate threats.

Equity issues loom large, as low-income communities and communities of color are often the most vulnerable to natural disasters and bear the brunt of pollution. In 2014, Governor Deval Patrick signed an executive order directing all state agencies to devote resources to protect the health, safety, and environment for the most vulnerable residents. However, this nominal commitment to “Environmental Justice” has been more rhetorical than real.

Public transit must play a role in decarbonizing our transportation system, as well as advancing complementary goals of equity and inclusion. However, Massachusetts politicians have lost their understanding of public transit as a public good that benefits all residents and businesses in Massachusetts, not just those who use it in their daily lives. The greatest evidence of this is their neglect of the MBTA: its debt has grown to nearly \$5.5 billion, with over \$7 billion in deferred maintenance costs. Regional Transit Authorities that serve communities, including Gateway Cities across the state, face enormous capital needs as well.

**Despite recent progress, Massachusetts is still overwhelmingly dependent on fossil fuels.**

**Transportation is currently the largest contributor to greenhouse gas emissions in MA.**

1. *Please share your personal values and principles regarding Sustainable Infrastructure and Environmental Protection.*

**Amaad Rivera:** My opponent has refused to cosponsor a single piece of environmental legislation for last legislative session.

Environmental policies allow us to build a sustainable planet, while helping to alleviate long standing issues around health and jobs. I worked for the leading United States Senator on Environmental policy, and would be a leader on this issue in the State Senate.

2. *Please indicate work you personally have done to protect the environment and expand access to public transportation.*
3. **Waste Reduction.** *Would you support a statewide ban on single-use shopping bags and a requirement that alternatives be more sustainable?*

**Amaad Rivera:** Yes.

4. **Solar energy.** *Do you support increasing equitable access to solar power by removing caps on solar generation and restoring compensation for low-income and community solar?*

**Amaad Rivera:** Yes.

5. **Renewable Energy.** *Do you support a target of at least 50% clean energy by 2030 for Massachusetts, as adopted in California and New York? (Hawaii is committed to 100% renewables by 2045). To accomplish this, would you support an increase in the Renewable Energy Production Standard (the green energy mandate on utilities) by at least 3% each year?*

**Amaad Rivera:** Yes.

6. **Environmental Justice.** *Successive and bipartisan gubernatorial administrations have made verbal commitments to environmental justice (EJ) and Governor Deval Patrick issued an Executive Order on*

*Environmental Justice in 2014 which has not been implemented.*

*a. Would you support implementation of the 2014 EO?*

**Amaad Rivera: Yes.**

*b. and support efforts to codify environmental justice into law?*

**Amaad Rivera: Yes.**

7. **Gas pipelines.** *Do you oppose the expansion of gas pipelines in the state?*

**Amaad Rivera: Yes.**

8. **Carbon pricing.**

*a. Do you support putting a fee on carbon emissions?*

**Amaad Rivera: Yes.**

*b. Do you support using some of the revenue from such a fee to invest in **green infrastructure**?*

**Amaad Rivera: Yes.**

9. **Public Utilities.** *Would you support legislation to allow municipalities to purchase their electric distribution utility (the poles and wires that transmit power) and operate a municipal or cooperative electric utility?*

**Amaad Rivera: Yes.**

10. **Public Transit.** *Do you support finding progressive revenue sources to fund the maintenance, expansion, and improvement of the MBTA and the RTAs?*

**Amaad Rivera: Yes.**

11. **Regional Transportation Funding.** *Would you support legislation to allow municipalities to place a question on the ballot to raise revenue for local and regional transportation projects?*

**Amaad Rivera: Yes.**

*Use this space to add any other issues important to your vision for Massachusetts or any other matter you think progressive voters should know about your candidacy.*

**Amaad Rivera:** Hampden county is a community plagued by gun violence. The current incumbent, Sen Jim Welch has an "A" rating from the Massachusetts chapter of the NRA. Over his tenure he has received an honor roll of grades from G.O.A.L., In fact, in 2016 he had a higher rating the Charlie Baker.

I have been endorsed by the March for Our Lives organizers. The NRA will never be able to count on me.
